Re: Ken Bourkland v. Commonwealth  
Edison Company, 06-0726

Dear Mr. Bourkland:

After the status hearing on March 20, 2007, you advised me that most, if not all the documents requested in the first paragraph of your Interrogatories to Commonwealth Edison Company ("ComEd") were either part of the public record, or already in your possession. Kindly advise me what documents you already have in your possession and what documents are part of the public record. If those documents are already in your possession, or available to you from Kane County records, ComEd will not provide those documents. To date, I have not received any response to our First Data Request. ComEd's Sixth Request asked you to provide all documents you and your witnesses will provide in support of testimony in this matter. If any of those documents are going to be used, they must be provided.

Kindly provide all of the foregoing documents, including the above request and the response to the First Data Request no later than April 2, 2007

I enclose a copy of Respondent's First Data Request to you for reference.

If you have any questions regarding the foregoing, do not hesitate to contact me.

Sincerely yours,

Mark L. Goldstein
